Prices & Specifications

Technora “Standard Radial” Mainsail

\$1550.

- Mike2 design
- This is the main Mike Martin and Adam Lowry used to win the 2016 Worlds.
- Vertical luff panel, radial clew, radial head, crosscut center panels
- Dimension Polyant ODL06 Technora scrim Mylar laminate
- Large view window. Spreader window.
- One flattener reef is standard. Optional 2nd reef **\$60.**
- Please specify mast: SuperSpar M2, Proctor Alto, Proctor Cumulus or Proctor D
- Includes spreader patches, roll bag, tell tales, sail logo and sail numbers

Technora Light Mainsail:

\$1550.

- Optimized for light air performance.
- Vertical luff panel, radial clew, radial head, crosscut center panels
- Dimension Polyant ODL04.5 Technora scrim Mylar laminate
- Large view window. Spreader window.
- One flattener reef.
- Please specify mast: SuperSpar M2, Proctor Alto, Proctor Cumulus or Proctor D
- Includes spreader patches, roll bag, tell tales, sail logo and sail numbers

Technora “Radial F” Mainsail:

\$1550.

- This is a radial main with a straighter luff curve. This is easier to set up in light air because it requires less pre-bend. Also preferred by smaller teams in overpowered conditions.
- Vertical luff panel, radial clew, radial head, crosscut center panels
- Dimension Polyant ODL06 Technora scrim Mylar laminate
- Large view window. Spreader window.
- One flattener reef is standard. Optional 2nd reef **\$60.**
- Please specify mast: SuperSpar M2, Proctor Alto, Proctor Cumulus or Proctor D
- Includes spreader patches, roll bag, tell tales, sail logo and sail numbers

Technora Jibs: **\$860.**

- This is the jib Mike Martin and Adam Lowry used to win the 2016 Worlds.
- Crosscut with glued seams.
- STANDARD: Dimension Polyant ODL06 Technora scrim Mylar laminate
- LIGHT: Dimension Polyant ODL04.5 Technora scrim Mylar laminate
- Zipper luff is standard. If you prefer a stuff luff, deduct \$60.
- Large view window
- Includes roll bag, tell tales, spiro patches

Dacron Light Air Jib: **\$860.**

- Crosscut- Designed for light air conditions
- Large view window
- Zipper luff is standard. If you prefer a stuff luff, deduct \$60.
- Includes roll bag, and tell tales.

Dacron Crosscut Jib: **\$635.**

- Same design as Technora
- Standard "AP" cloth: Contender 3.8 PK
- Heavy Air cloth(Perth or San Francisco): Contender 5.46 PK
- Large view window
- Zipper luff is standard. If you prefer a stuff luff, deduct \$60.
- Includes roll bag, tell tales

Spinnaker: **\$1125.**

- This is the design used to win the 2016 Worlds(STANDARD and LIGHT) and 2016 North Americans(GOLDLOCKS).
- STANDARD: Contender SuperKote75, Dark Blue, Red or White. Strongest, most durable option.
- GOLDLOCKS: Contender SK70, White Only. Lighter than SK75. Strong enough for all around sailing but not ideal for heavy weather venues like San Francisco or Perth.
- LIGHT: SuperKote 60 or AirX600, White. Light cloth for easy light air performance.
- Any other solid color, please add \$75.
- Includes (1) pull down patch. Optional 2nd pulldown: **\$70.**
- Includes fold bag

"Small" Spinnaker: **\$1125.**

- Slightly narrower girth and flatter shape
- Especially fast in overpowered conditions
- Contender SuperKote 75, Dark Blue, Red or White
- Any other solid color, please add \$75.
- Includes (1) pull down patch. Optional 2nd pulldown: **\$70.**
- Includes fold bag

505

Holmenkol "SealNGlide": **\$35.**

Holmenkol "SealNGlide" is a coating that you sponge onto a spinnaker which makes it easier (slicker) to launch and retrieve and also extends the cloth life.

Bow Bra: Please specify Waterat or Rondar **\$65.**

Gasket Set: Heavy Mylar with Dacron cover **\$70.**

Top batten, mainsail: Compression batten **\$18.**

Leech batten, mainsail: Leech batten with velcro **\$20.**

Batten Set, mainsail: Compression batten plus three leech battens **\$65.**
